

# BURLINGTON HIGH SCHOOL

*Many policies and procedures in the BHS Handbook are translated and available in other languages. Contact the BHS Main Office for further information.*

## **I. MISSION STATEMENT**

Burlington High School is an innovative, equitable, and collaborative community of learners inspiring and shaping a dynamic and sustainable future for Burlington. We build on the diverse cultures, experiences, and interests of our students and community to support student-centered learning and foster intellectual growth. We partner with families and the community at large to help our students as individuals to develop the skills to become independent, self-directed, and lifelong learners who contribute responsibly to our world.

Our mission is to challenge all students to achieve at their highest levels. We believe every student must demonstrate the following graduation expectations:

- *Critical Thinking and Problem Solving:* Ask challenging questions, examine authentic problems, and analyze possible solutions.
- *Effective Communication:* Use a variety of methods to express, receive, and respond to information and ideas.
- *Cross-Cultural Understanding and Civic Engagement:* Actively seek to learn about and understand peoples, cultures, and perspectives and engage in the life of the community and the greater world.
- *Personal Development:* Identify personal strengths and weaknesses, advocate for health and well-being, make positive choices, and take intentional steps to grow.
- *Curiosity and Creativity:* Explore ideas with an open mind and try new and different ways to approach learning and life.

The following policies and procedures support all BHS students having the opportunity to gain proficiency in these graduation expectations in a safe and welcoming learning environment.

## **II. ACADEMIC POLICIES AND PROCEDURES**

### **ACADEMIC REQUIREMENTS**

Students must complete a minimum of twenty (24) credits, distributed as follows, in order to graduate from Burlington High School:

- 4 - English
- 3 - Social Studies
- 3 - Mathematics
- 3 - Science
- 2 - World Languages\*
- 1 - Fine Arts
- 1.5 - Physical Education
- 0.5 - Health
- 1 - Business/Technology (Senior Seminar)
- 5 - Electives (including Y.E.S. Program)

*\*Students who already speak or demonstrate proficiency in another language may not be required to take a language course. Students who have exited ELL classes by 9<sup>th</sup> grade should plan to take a World Language in high school to meet college entrance requirements.*

Once a student satisfies graduation requirements in a specific discipline, such as English, additional credit in that discipline will be considered elective credit and will count toward the credits required for graduation. Only seniors with permission are allowed to take the equivalent of two (2) credits of English in an academic year.

BHS is moving towards a proficiency-based graduation system whereby academic credit is awarded upon mastery of proficiencies in courses and other learning experiences. Instead of students gaining credit for time and work in classes, students will need to demonstrate they have met identified learning expectations proficiently in order to receive credit, no matter how

long it takes. Taken together, the proficiencies or credits gained will provide a cumulative body of evidence that students have met course and school graduation expectations and are ready to graduate. We are working towards a proficiency-based graduation system, guided by a personal learning plan for each student, in place by September, 2020.

Students will have the opportunity to monitor their own progress towards meeting graduation requirements and periodically check their academic records to be sure they are accurate and complete by keeping a personal learning plan during advisory time. The Guidance Department will also monitor and support students reaching graduation requirements and maintain their academic records in accordance with FERPA, EHA-B, State Law, and the policy and procedures of the Burlington School District.

### **ADVANCED PLACEMENT COURSES**

Burlington High School is committed to offering students a variety of rigorous college preparatory classes. Currently, we offer 13 different Advanced Placement (AP) classes. By completing an Advanced Placement class and taking the AP test, students have the opportunity to earn college credit while still enrolled at BHS. Each student enrolled in an AP class is required to take the AP test. This test costs approximately \$93, however, significant fee reductions and/or waivers are available to students eligible for free or reduced lunch. Free/reduced lunch forms are available in the Guidance Office. Students must register and pay for the AP exam by the end of first quarter. Students who do not complete this step will be dropped from the AP class and enrolled in a different, non-AP class.

### **COLLEGE/OTHER COURSE CREDIT**

As part of a student's personal learning plan, students may wish to take college and other courses for high school credit.

**College:** BHS students may enroll in college-level courses for elective credit through the Dual Enrollment program. Credit received as a result of successful completion of such a course is recorded by the college. It is then the student's responsibility to present a copy of the final grade/credit to the BHS Director of Guidance. The course name and grade may be recorded on the student's permanent record along with the name of the institution at which the course was taken.

Grade Equivalents	for determining GPA
97 - 100 = A+	A+ = 4.333
93 - 96 = A	A = 4.0
90 - 92 = A-	A- = 3.666
87 - 89 = B+	B+ = 3.333
83 - 86 = B	B = 3.0
80 - 82 = B-	B- = 2.666
77 - 79 = C+	C+ = 2.333
73 - 76 = C	C = 2.0
70 - 72 = C-	C- = 1.666
67 - 69 = D+	D+ = 1.333
63 - 66 = D	D = 1.0
60 - 62 = D-	D- = 0.666
00 - 59 = F	F = 0

**Incomplete Grade:** Students have 2 weeks into the next quarter to complete work at which time an incomplete (I) will be converted to a letter grade. Only letter grades will be given at the end of the school year. Extenuating circumstances that may warrant an incomplete at the end of the school year must be approved by the principal.

**Audit:** A student wishing to take a course on an audit basis must complete the arrangements before the half-way point in the course. Applications are available in the Guidance Office. Teachers must approve audit requests.

**Pass/Fail:** A student wishing to take a course for pass/fail must complete the arrangements before the half-way point in the course. Teachers and parent/guardians must approve Pass/Fail requests.

**Credit Recovery:** Students who have a 54-59 in a course at the end of Fourth Quarter will be assigned to Credit Recovery during the YES Program to complete missing assignments, assessments, and projects.

**High Honor Roll:** No grade lower than A-

**Honor Roll:** No grade lower than B-

**Honor Roll and Incompletes:** The honor roll designation is contingent upon a student being enrolled in a minimum of five (5) credits worth of courses. Students who have outstanding incomplete grades may not be publicly recognized depending on the timing of making up missing assignments and assessments.

## **GRADUATION**

Only students who have completed *all* graduation requirements including 40 hours of community service and required YES credits, and who have paid all outstanding fees and fines, will receive a diploma.

## **GRADUATING EARLY**

Students may graduate earlier than the regular four-year high school sequence. Interested students must complete the early graduation form and receive approval from the principal. Students who complete graduation requirements in January must also complete 40 hours of community service in order to participate in the graduation ceremony.

## **HOMEWORK CENTER**

Homework provides an important opportunity for independent practice by students. Parent/guardian support is vital in encouraging students to complete class assignments. For students who fall behind in their homework or who need support in their work, the Burlington High School Homework Center meets from 3:05 until 4:30 p.m. Monday- Thursday. Teachers may refer students for the Homework Center by filling out a homework referral in the Student Affairs Office. Failure to attend the Homework Center after being referred by a teacher/administrator will result in a Support Center Intervention.

## **MAKE-UP WORK**

Students who are absent from class must make up their work in a timely way. **It is the obligation of the student to speak with a teacher and make arrangements to complete assignments and assessments in a set time period.** Students who are absent from school due to school field trips and school activities or have advance knowledge of an absence *must make arrangements before leaving so the next class back they are prepared and ready for assessments and class presentations.* If an absence occurs due to suspension, a student is required to make up assignments and class work and stay current with course expectations. Pursuant to School Board Policy JG, work missed during suspension can be made up, but the initiative for doing so is left up to the student; missing work must be done in a timely

manner as specified by the teacher. Teachers may enter a grade of zero for any work or tests missed by the student while under suspension and not made up.

### **NATIONAL HONOR SOCIETY**

The purpose of the National Honor Society is to create enthusiasm for scholarship, stimulate a desire to render service, promote leadership, and develop character in the students of Burlington High School (*from the Constitution of National Honor Society of Secondary Schools*). Members selected for membership in this organization have already exhibited academic achievement, leadership, honorable and admirable character, as well as service demonstrating that the member is willing to use her/his talents and skills for the improvement of Burlington High School and the Burlington Community. Membership in the Green Mountain Chapter is an honor bestowed upon a student. This honor, when accepted by the candidate, is both a public recognition of accomplishment and a private commitment to continued excellence in scholarship, leadership, character and service on the part of the member. Should a student fail to uphold these NHS values, including offenses resulting in suspension from school and/or athletic eligibility, NHS membership will be revoked.

### **Selection Procedure**

1. New National Honor Society members are selected in the Fall (after the completion of six semesters of high school - 12th grade students) and in the Spring (after the completion of five semesters - 11th grade students). Eligible students must be enrolled in BHS, must have been in attendance at BHS for at least one semester, and cannot have been suspended for any reason during the previous semester.
2. Student eligibility is determined by the chapter advisors who review transcripts of students. Students must have a cumulative grade point average of 3.500 or better to be eligible.
3. Each eligible student is notified and sent a student information form to complete if s/he wishes to be considered for membership. This information form includes an essay topic and short answer questions pertinent to the purpose of National Honor Society. The essay topic is determined by the chapter advisors.
4. The chapter advisors will do a social media review of each

- student who complete the student information form. A social media presence demonstrating poor character may result in a candidate being denied admission into National Honor Society.
5. The chapter advisors collect the student information forms, transcripts, standardized test scores, essays, short-answer questions, input from the faculty, and the social media reviews, and present the data for review by the National Honor Society Council. The National Honor Society Council consists of five faculty members appointed annually by the principal. The chapter advisors are not voting members of the NHS Council.
  6. After reviewing the student information forms, transcripts, test scores, essays, short answer questions, faculty input and the social media reviews, the NHS Council determines by majority vote which students are to be invited to become members of the Green Mountain Chapter of the National Honor Society.
  7. Students are notified in writing of the NHS Council decisions.
  9. Students accepting the responsibilities of membership in the National Honor Society are inducted into the organization in a formal ceremony held in April/May of each year. Twelfth grade students selected in the fall are active members throughout their 12th grade year even if they have not been formally inducted into the National Honor Society. Once inducted, NHS bylaws apply.

## **PROGRAM OF STUDIES**

Most school academic policies and procedures are included in the BHS program of study booklet called Opportunities in Education (OIE). The O.I.E. is prepared for student and parent use. It contains detailed information concerning course offerings, prerequisites and credits, student enrollment, and other academic issues.

## **PROMOTION REQUIREMENTS**

- 9th Grade to 10th Grade - 6 credits (including 1 credit in English)
- 10th Grade to 11th Grade - 12 credits (including 2 credits in English)
- 11th Grade to 12th Grade - 18 credits (including 3 credits in English)

## **REPEATED CLASSES**

A student may, with the approval of the Guidance Office, take a course again that he/she has already passed. The student must fulfill

all of the course requirements. The course will be recorded on the transcript as a "repeat" and a grade given. Only the higher grade will be credited and count in determining the GPA (Grade Point Average).

## **REPORT CARDS / CANVAS & POWER SCHOOL GRADEBOOK**

Quarterly grade reports will be available through Powerschool four times during the school year and provide grades, teacher comments, attendance, and an explanation of the grading system. Student progress during the quarter can be viewed at any time on the Canvas LMS and at the end of the quarter through the Power School Grade Book program. Teachers regularly update student grades and assignments, after having sufficient time to grade student work. Information regarding Canvas and Power School is available by contacting Heather Sienkiewicz at 864-8414 or email [hsienkie@bsdvt.org](mailto:hsienkie@bsdvt.org).

## **RE-ADMISSION TO BHS**

Students over the age of 16 who have left school and wish to return at the commencement of a new academic year must meet with a guidance counselor, a parent/guardian, and/or administrator to develop a comprehensive education plan.

## **STANDARDIZED/COLLEGE TESTING**

BHS students demonstrate their academic achievement through a variety of classroom, state, and national assessments. Ninth grade students are required to participate in Vermont's Smarter Balance Assessment Consortium (SBAC) language arts and mathematics Tests. Eleventh grade students will participate in a nationally normed language arts and mathematics test (either the ACT or the SAT, to be determined at a later time) and a Science Test. Eighth and eleventh grade test scores assist in course placement in reading and writing support classes and

Advanced Placement classes. Students who fail to take required state tests on testing days will be required to make up the tests during class time, athletic practices/games, or other school time.

In October 10<sup>th</sup> and 11<sup>th</sup> graders take the pre ACT and the PSAT, respectively, which are practice ACT and SAT college entrance test. In 11<sup>th</sup> and 12<sup>th</sup> grade, all students should take the ACT and/or

SAT tests for college admissions. Test fee waivers for students eligible for Free and Reduced Lunch are available in the Guidance Office for the ACT and SAT tests as well as Advanced Placement Exams. Waivers for college application fees can also be accessed through Free and Reduced Lunch eligibility, and are available in the Guidance Office. See school counselors with any questions about these college testing opportunities.

### **ACADEMIC STUDY/GUIDED STUDY**

Ninth grade students will be assigned to Academic Study during any unscheduled class time. Other students may be assigned to Academic Study depending on space availability. Students who are not fully scheduled (all eight blocks) must either be in the Cafeteria or Library unless they have a pass from a teacher to be in an academic building. If student behavior is not appropriate, student schedules may be altered and/or students will be required to leave campus even if they have after-school practices, meetings, or other obligations.

### **TRANSFER FROM BHS**

A student transferring from Burlington High School will be eligible to receive a BHS diploma provided the following conditions are met:

1. Course requirements are completed at an accredited secondary school.
2. All BHS graduation requirements are met.
3. The student does not receive a diploma from the school to which he/she transferred.
4. No more than four credits (and no more than one school year) are earned at the transfer school and applied to satisfy BHS graduation requirements.
5. The program is approved by the Director of Guidance prior to the student's departure from BHS.

### **TUTORING / HOMEBOUND SERVICES**

Students are eligible for instruction at home or in the hospital whenever they are unable to attend school for a period of ten consecutive school days or more because of a medical disability. For information about this service, please contact the Guidance Office.

### **UNSCHEDULED TIME**

Students whose first classes begin second or third block should come to school just before those classes begin. Students are

expected to [interact appropriately and responsibly as part of the school community](#). Unscheduled time not spent appropriately will result in a student being assigned a school behavior contract with a specified entrance and/or departure time for being on school grounds. Students who do not have a fourth block class and who are participating in scheduled school activities (i.e., athletics, Drama Club, Oread, etc) may remain on campus only if they are in the Library. All students are expected to leave campus at the conclusion of their academic day and/or the supper program unless they are part of an identified activity.

### **WEDNESDAY CHOICE TIME**

Classes will begin at 8:50 on most Wednesday mornings. From 8:05 to 8:45 students may study quietly in the library and designated study rooms, participate in a variety of activities sponsored by the BHS After-School Program, eat breakfast and gather in the cafeteria, or simply report to school at 8:45. Students may not be in academic buildings from 7:45 until 8:45 as teachers will be meeting to plan curriculum, instruction, and assessment. School [norms](#) for appropriate student behavior will be in effect throughout this time.

### **WITHDRAWAL FROM SCHOOL**

It is our expectation that all students will graduate from high school. However, if a student is 16 years old or older and plans to withdraw from school, the following steps must be followed:

1. The student will notify the Guidance Department as soon as possible in advance of leaving school.
2. Written parental consent is required.
3. A conference to develop an alternative education plan will be arranged with the student, parent/guardian, counselor and assistant principal.
4. The student must return all school books and school-issued electronic devices, and pay all school fines before the student is withdrawn from BHS.
5. A Withdrawal Form will be completed and given to by the Student Affairs Office.

## **YEAR-END STUDIES (THE Y.E.S. PROGRAM)**

All Burlington High School students participate in the Year-End Studies (Y.E.S.) Program. Students select one (full-day) or two (half-day) mini- courses for ten days in order to learn deeply in areas of interest. Required each year for graduation, these mini-courses provide a variety of new, enriching, and interdisciplinary learning experiences including on campus seminars, off-campus and field experiences, travel programs, internships, community service, independent studies, and other learning opportunities. Credit recovery opportunities also permit qualifying students to make up academic work and gain academic credit. A culminating Presentation of Learning allows students, parents, and community members to learn from each other and celebrate Y.E.S.study accomplishments. Program course descriptions are available on the school web page; student registration takes place in January/February. Students will be notified of their courses in March. **All students must participate in the Y.E.S. Program.**

## **III. ATTENDANCE POLICIES AND PROCEDURES**

Students must participate in classroom activities on a daily basis in order to gain an adequate understanding of the instruction and activities of each class. Students will have access to the building at 7:05am each morning. Students are accountable for regular class attendance and daily assignments. They are required to be on time for school and for all classes unless they have documented excuses for being absent and/or tardy. ***If students miss classes, they must take the responsibility for making up work or receive lower grades.*** BHS uses an automated electronic attendance system whereby student attendance will be documented each block. This will allow early communication to parents during the school day, generally through a telephone call home, about student attendance issues.

Parents/guardians, please call the Student Attendance Office at 864-8406 by 8:45 a.m. when your student is absent.

### **ABSENCE**

A student not present in class for any reason is considered absent.

An absence is classified in one of three categories:

- **Excused:** Illness; death in the family; prior approval for family commitments; appointments; religious

holidays.

- **Excused/School-Sponsored Activity:** Field trips, athletic events, music events, school-approved activities, suspensions.
  - **Unexcused:** All other absences will be considered an unexcused absence.
1. Upon returning to school from an absence, a **student must first check in with the Student Attendance Office** to justify the reason for the absence. If parents or guardians have telephoned or sent a note explaining the absence, then the Attendance Office will record “excused” in the computerized attendance. If the absence is not accounted for, then “unexcused” will be recorded. Students and parents are expected to present and explain a valid reason for why an absence is “excused.” *Students and families have two school days in which to explain unexcused absences; after two days the absences will be treated as unexcused.*
  2. **Students may appeal an unexcused absence.** Students who did not provide documentation or information within two days of an absence may complete a “Change Unexcused Absence to Excused Absence Form” in the Student Attendance Office. The BHS Attendance Officer will review and investigate. A school administrator will make a final decision on whether an absence is “unexcused” or “excused” and then inform the student and the Student Attendance Office.
  3. **Students are responsible for making up work** missed in a timely way. Students who are absent from school due to school field trips and activities or have advanced knowledge of an absence *must make arrangements before leaving so they are prepared and ready for the next class. Students may not participate in an athletic or drama practice or event if they are not in school by the start of block 2 and/or if they cut a class during the day.* If an absence occurs due to suspension, a student is required to make up assignments and class work and stay current with course expectations. It is understood, however, that not all classroom activities and instruction can be replicated or made-up. A make-up plan will be initiated by the student and

completed within a time period acceptable to the teacher.  
***Students who do not make up work in a timely way may lose some or all credit for the work missed.***

- 4. Students who deliberately “cut” a class will receive a parent communication.** The BHS Attendance Officer/school administrator will determine whether students have cut classes based on information from students, parents/guardians, teachers, administrators, and other relevant parties. Students who cut a class and are marked unexcused may **receive partial or no**

**credit for assignments and assessments missed and may face other consequences for not participating in class**, as determined by the teacher. Multiple cuts severely limits a student’s chances for success. Students will be referred to the attendance coordinator for the development of an individual attendance plan or contract.

5. Students with more than four class cuts will receive support, but may be withdrawn from a class and be limited in their ability to attend social functions and/or participate in extracurricular activities.

6. After **3 consecutive excused or unexcused absences** or **5 cumulative absences in one class in an academic quarter**, an attendance contract initiated by the teacher in consultation with the Attendance coordinator may result.

7. After **5 cumulative absences**, the student will also be notified in writing by a school administrator regarding the *Burlington School District Truancy Policy*. This policy requires BHS to notify parents when students reach 5, 10, and 15 days of **excused or unexcused absence** in order to reinforce the importance of good attendance.

8. When a student has been *unexcused absent* for **10 days**, a mandatory conference with parents/guardians will be scheduled to review the student’s standing in class. A parent conference may be scheduled for 10 days of *excused* absences, depending on the nature of the absences. At **15 days** of absences, excused or unexcused, a parent conference will be held to determine further steps to be taken up to/including **dropping the student from the class with a withdraw/fail**

(W/F). A referral to **Truancy Court** may be required, depending on the reasons for the prior absences.

9. **Students who anticipate absences for longer than 5 days for any reason** are required to complete a Long-Term Absence Form available in the Student Affairs Office. This will allow students to communicate with their teachers about the anticipated absence and to develop a plan for completing assignments. *The principal must approve a long-term absence in order for the days to be excused.*

## **TARDINESS**

### **Tardy to School**

Students who are late to class, miss valuable instruction time. Students who arrive **late to school** must immediately report to class. Students and parents are expected to present and explain a valid reason for why tardy is “excused.”

### **Tardy to Class**

**Students that are late more than 10 minutes during a block must get a pass from the Support Center in order to enter class.**

Students who are late must always enter classrooms quietly and not create disruptions; after the class ends, students should check in with the teacher to see what they missed and initiate a plan for making up work.

*An “unexcused tardy” may result in a student losing the right to make up work missed in class.* Three or more tardies in a class will be considered an unexcused absence. Teachers will refer chronically tardy students to the Support Center for support and the creation of an accountability plan. Students are considered absent unexcused if they arrive beyond 30 minutes late to class.

## **EARLY DISMISSALS**

Students who need to leave school before their last scheduled class must request an Early Dismissal Slip on the morning of the planned early dismissal from the Student Attendance Office. The request must be received from a parent or guardian either by a note or a call to 864-8406. Classes missed due to an early dismissal count as an excused absence. **Students are required to sign out**

**before leaving; failure to do so will result in the absence being classified as unexcused.** *Students must make arrangements with the teacher to make up assignments and assessments in a timely way.*

#### **IV. STUDENT BEHAVIORAL EXPECTATIONS**

BHS students must follow reasonable rules during the regular school day as well as during any school activity on or off school campus in order to ensure a positive, safe, and orderly learning environment. Positive behavior is based on respect for one's self and for the worth and dignity of others. Our goal is not to punish but to encourage growth and changing of negative behaviors. Unfortunately, there are consequences to inappropriate behaviors. The use of restorative practices will be the foundation of our efforts to change negative behaviors and hold everyone accountable to the community. The emphasis on positive behavior creates an atmosphere of mutual respect and the appreciation of individual differences among students, teachers and staff members and parents, as well as respect for the school campus and public property. Students are expected to conduct themselves in keeping with the educational purpose underlying all school activities and in proper regard for the rights and welfare of other school community members.

The use of corporal punishment, that is, the intentional infliction of physical pain for purposes of discipline, is expressly prohibited. The use of necessary and reasonable force to restrain, and/or to protect the student, other persons, property and, when necessary, to quell a disturbance, will only be used if absolutely necessary and as a last resort to ensure the safety of the school community.

**Administrators may search student belongings**, lockers, cars, clothing, school issued electronic devices, and personal effects in an effort to keep all community members safe. Administrators may **review social network sites** if concerns are reported. **BHS uses video surveillance on school property** to support a safe and secure environment for all.

**Students' Rights and Responsibilities:** Students are accorded rights and responsibilities of citizenship to the extent they are compatible with a safe and effective educational environment as determined by

school personnel. However, it is important that these rights do not infringe on the rights of others. School administrators and teachers are charged with the responsibility for ensuring these rights for all students and it is therefore required that students be cooperative with those in authority at all times. **Students are obligated to state their names and grades to any school official and produce their ID to personnel who so requests and to follow all reasonable directives of school personnel.** Failure to do so will result in referral to the assistant principal or principal. A student may face consequences, including suspension, for violating school rules or regulations. A student may also be required to attend counseling sessions, drug and alcohol assessments, or an anger management program as a part of a re-entry plan.

## **ACADEMIC HONESTY**

Burlington High School is a public school dedicated to producing knowledgeable and responsible citizens. Inherent in this mission is a commitment to Academic Honesty or “students doing their own work.” When students cheat or use the work of others without permission, they do not learn to work and think for themselves. They also lose the respect of students and faculty members. If students need assistance or have questions about assignments, they should talk with teachers and develop a plan for studying and completing work. **Each fall parents and students will be asked to sign a statement that students will be honest in their academic work.**

### **Academic Dishonesty includes but is not limited to:**

1. Cheating: unauthorized copying answers from another student; text messaging; using cheat sheets.
2. Plagiarism: copying part or all of another student’s work; copying another person’s ideas from the Internet or other sources without proper citations.
3. Unauthorized collaboration: doing an assignment with another student when individual work is required.
4. Fabrication: making up or handing in false sources or lab results.
5. Multiple submissions: submitting an essay or paper multiple times for other classes.

6. Helping another person to be dishonest: helping another person cheat by “lending” homework or letting a student copy answers – both students will be punished.
7. Getting unfair advantage: making up an illness or a story about why work was not turned in in order to receive extra time to finish that work.

**If a teacher has reason to believe that academic dishonesty has occurred, they will speak with the student in private to seek resolution. If the concern is validated and/or requires further investigation, it is brought to the attention of the School Leadership Team who will meet with student and teacher.. Consequences for violation of the academic honesty policy will be as follows:**

- **Level I First Offense or Second Offense from a different class**  
**than First Offense:** A zero (0) for the assignment or test. Teachers will notify parents and send an Office Referral with a copy of the violation to report the issue. A letter from the student’s administrator will be placed in the student’s file and a copy will be mailed home.
- **Level II Second Consecutive Offense in same class or Third Cumulative Offense:** Failure for the *Quarter*. Parents will be required to attend a conference with the teacher(s) involved. Other teachers of the student will be notified. A letter from the student’s administrator will be placed in the student’s file and a copy will be mailed home.
- **Level III Third Consecutive Offense in same class or Fourth Cumulative Offense:** Failure for the *Semester*. Parents will be required to attend a conference with the teacher(s) involved. Other teachers of the student will be notified. A letter from the student’s administrator will be placed in the student’s file and a copy will be mailed home.
- **Level IV Fourth Offense in any class after Level III is reached:** Failure for the year and student will be forced dropped from the class in which the incident occurred. A letter from the student’s administrator will be placed in the student’s file and a copy will be mailed home.

## **BULLYING OR HARASSMENT**

**Bullying** is a form of dangerous and disrespectful behavior that will not be permitted or tolerated. Bullying may involve a range of misconduct that, based on the severity, will warrant corrective action and/or discipline. Behaviors that do not rise to the level of bullying may still be subject to intervention and/or discipline under another section of the discipline plan or policy. The District will address all complaints of bullying promptly and take reasonable steps to end bullying conduct in accordance with its Policy, Prevention of Bullying of Students, JBB.

Bullying is defined as any overt act or combination of acts, including an act conducted by electronic means, directed against a student by another student or group of students and which:

- Is repeated over time
- Is intended to ridicule, humiliate, or intimidate the student, and
- Occurs during the school day on school property, on a school bus or at a school-sponsored activity; or
- Does not occur during the school day on school property, on a school bus, or at a school-sponsored activity and can be shown to pose a clear and substantial interference with another student's right to access educational programs.

Examples of bullying include: name calling and verbal taunts; physical threats or actual physical harm; off-campus text messages or social media posts that ridicule or intimidate to the extent that the targeted student is not able to fully access the school's programs. In order to be bullying, incidents such as the ones described above must be repeated over time directed at a particular student, and intended to ridicule, humiliate or intimidate.

**Harassment** is a form of unlawful discrimination that will not be tolerated by the Burlington School District. The District will address all complaints of harassment promptly and take reasonable steps to end harassing conduct in accordance with its Policy, Prohibition of Student Harassment.

Harassment is an incident or incidents of verbal, written, visual, or physical conduct, including electronic, based on or motivated by a student's or a student's family member's actual or perceived race, creed, color, national origin, marital status, disability, sex, sexual

orientation, gender identity or gender expression that has the purpose or effect of objectively and substantially undermining and detracting from or interfering with a student's educational performance or access to school resources or creating an objectively intimidating, hostile, or offensive environment.

1. **Sexual harassment:** conduct that includes unwelcome sexual advances, requests for sexual favors and other verbal, written, visual or physical conduct of a sexual nature.
  2. **Racial harassment:** conduct directed at the characteristics of a student's or a student's family member's actual or perceived race or color, and includes the use of epithets, stereotypes, racial slurs, comments, insults, derogatory remarks, gestures, threats, graffiti, display, or circulation of written or visual material, and taunts on manner of speech and negative references to racial customs.

## **CYBERIMAGE POLICY**

BHS recognizes the fact that many students participate in on-line social networks. Sharing inappropriate information via the Internet, however, may put students at risk. When using on-line social networks, a student must remember:

- The information posted is accessible to anyone including parents, school officials, and officers of the law.
- Students will receive **consequences for inappropriate postings**, up to and including suspension from school or school-sponsored events (dances, sports games, or other activities). Use of any BHS issued device that violates this policy may result in

the immediate loss of said device and disciplinary action. See the handbook section on Student Searches for rules on searching electronic devices.

- **Inappropriate postings include**, but are not exclusive to: derogatory or threatening language/images that interfere with a student's access to education; malicious or inflammatory language/images meant to humiliate or intimidate a student or school employee; lewd or suggestive images or text; profanity; racist, sexist, or other hateful language toward protected groups or minorities; or offensive jokes. Students will be accountable for actions displayed on the sites which are deemed in violation of school/team/club rules. Simulating illegal/inappropriate activities is the same as committing illegal/inappropriate activities. *Taking and/or sending an inappropriate image via cell phone or other electronic devices* is prohibited and will result in serious consequences.
- Please remember, **once a message is posted, control of the information/images is lost**. Information/images can be copied, altered, and put on other sites. Something that is meant to be seen only by the social network users can end up elsewhere, and may exist on the Internet forever. Potential employers or admissions offices are performing Internet searches, and profiles on the networks or discussions on blogs may be part of the information gathered about you, impacting your future for many years.

## **FIGHTING**

Fighting will not be tolerated on campus at Burlington High School or at school-sponsored events. **Fighting causes other students and adults to feel unsafe and is disruptive to the learning environment, the school community, and our shared commitment to having a safe school.** Fighting is the willful engagement/participation in physical contact, between two or more students, with the purpose of inflicting harm. This includes but is not limited to: hair pulling, hitting, slapping, shoving, spitting, and kicking. A student who witnesses a fight is instructed to locate the nearest adult. Students may not record or electronically post documentation of a fight. A student who fights will face suspension and/or possible criminal charges as well as arrest. Fighting and acts of violence directed at others will result in the School Resource Officer or other legal authority being involved.

**Consequences for violation of the fighting policy can include:**

- **First Offense:** Up to 3 days in out-of-school suspension. Legal authorities will be contacted.
- **Second Offense:** Up to 5 days in out-of-school suspension. Legal authorities will be contacted.
- **Third Offense:** 8 days out-of-school suspension. Legal authorities will be contacted.
- **Fourth Offense:** 10 days out-of-school suspension. Recommendation to the school board for long-term suspension. Legal authorities will be contacted.

**Restorative conversations will be used to problem solve issues that cause fights. Occurrences will be cumulative throughout the time a student is in high school.**

**Inciting or Instigating a Fight:** Provoking a fight, including any actions, comments, or written or electronic messages intended to cause others to fight or which might reasonably be expected to escalate or result in a fight, is prohibited. **A student who instigates a fight but is not actively involved submits herself/himself to the same penalties as those who are involved in the fight.**

**Issuing Threats:** Students who threaten students, staff, or teachers may be suspended in and/or out of school. Threats cannot be made verbally or non-verbally, in person, through an intermediary, or electronically.

**Self-Defense:** In order for self-defense to be considered as a mitigating factor when determining consequences for a fight, the following must apply:

- The student was making every effort to seek assistance from an adult if possible.
- The student made a compelling effort to avoid a conflict.
- There was no prior verbal or physical provocation and/or contribution which could have caused or escalated the event.

**Severe Clause:** Severe acts of physical violence, as determined by administration, may result in additional consequences. Any student

who uses a potentially lethal or injurious object or weapon against the person of another student, regardless of the presence of or the absence of provocation, and regardless of the presence or absence of intent to do bodily harm, shall upon validation of the incident by school officials be brought before the school board for a long term suspension hearing.

### **SMOKING/TOBACCO PROHIBITION**

The use of tobacco on school grounds is a violation of state law and is hereby prohibited. This ban extends to any student, employee or visitor to the school, and applies at all times, whether or not school is in session. In addition, students (including students over the age of (18) are prohibited from selling, possession, or use of tobacco products on school grounds, at school sponsored functions or while under the supervision of school staff. If a student is discovered to be in possession of tobacco products, appropriate school personnel will confiscate the tobacco product and make appropriate referrals to law enforcement authorities. - **Third or Further Offense:** 2 days out-of-school suspension. Parental conference will be required.

### **STUDENT PROTEST**

Students exercising their right to protest are required to notify school administrators in advance. Students may not inhibit access to education by other students in the school. Students therefore will be restricted to a designated area in order to not disrupt learning inside school buildings or outside near school classrooms. Protesting adults must gain approval to be on campus through the visitor registration process in the Main Office; access to the campus may be restricted in order to protect the rights of students who want to attend school without disruption.

## **STUDENT SEARCHES**

Students may be subject to a search of their persons, personal belongings, and/or vehicle by an administrator or designee for the following reasons:

- Unauthorized leave from school grounds during the school day
- Reasonable suspicion of: being under the influence, inappropriate use of an electronic device; possession of a weapon, tobacco products, illegal drugs, or related paraphernalia, unauthorized prescription drugs; vandalism/tagging; possession of stolen property. Determination of need to search will be an administrative decision.
- Found to be in an unauthorized part of the building/campus

student may be subject to limited searches by an administrator if there is a reasonable suspicion that the device is connected to unlawful behavior or a threat to school or personal safety.

Parents/Guardians will be notified if a search results in a school suspension. Students who violate the BHS smoking/tobacco, illegal drugs, vandalism/tagging, and/or weapons policy may be subject to future random searches.

## **SUBSTANCE ABUSE**

In order to safeguard the welfare and safety of all students, the Burlington Board of School Commissioners has established a policy for dealing with substance abuse. A student who possesses, is under the influence of, uses or distributes, or attempts to use or distribute drugs, drug paraphernalia, or alcohol, on school property or while at a school sponsored activity, is in violation of School Board Policy and

BHS rules. (See School Board Policy JFCI for more information). These violations will be subject to the following actions consistent with procedures outlined for suspension and long-term suspension in School Board policy and Student Conduct and Discipline.

At the request of an administrator, students may be asked to submit to a breathalyzer or have personal possessions searched. BHS reserves the right to work with local law enforcement officers in random drug searches including the use of specially-trained dogs. The following consequences refer to possession, under the influence of, or use of drugs, drug paraphernalia, or alcohol. Students who are found to be in the company of those who violate the policy may be subject to the same penalties. If the misconduct is serious, the school may proceed immediately to the procedures for the second and/or third offense regardless of the frequency of the misconduct. *Occurrences will be cumulative throughout the time a student is in high school.*

**Consequences for violation of the substance abuse policy can include:**

If the assessment has not been completed within 2 weeks of the return, students will be suspended from afterschool, field trip, athletic, and/or co-curricular activities until the assessment has been completed.

**Sale or Distribution of Illegal Substances.** Any student involved in the sale or distribution and/or attempted sale or distribution of any illegal substance on campus or at school-sponsored activities, including but not limited to drugs, drug paraphernalia, or alcohol, will be suspended for eight (8) days and recommendation will be made to the superintendent for long term suspension from school. In addition, law enforcement authorities will be contacted.

**Failure to follow a reasonable directive in regards to a drug/alcohol investigation can result in the following consequences:**

Any student receiving a long-term suspension under this policy must complete a **full outside assessment** and fulfill any recommendations before returning to school. The school's Student Assistance Coordinator will verify this assessment. At-risk students may be seen by the school Social Worker or Student Assistance Counselor as needed. At any level of offense a student may be subject to **random searches**, to include but not limited to, their person, locker and vehicle. Once suspended for a drug or alcohol offense, the random searches may occur for the rest of a student's school career.

**ACT 51 Statement:** The Burlington School Department recognizes that drug and alcohol abuse is a problem in society. The district believes that drug and alcohol abuse and dependency are treatable health problems which affect people of any age, sex, national origin, or socioeconomic level. While health issues are primarily the responsibility of the home and community, the Burlington Schools share in this concern when these problems interfere with student learning, safety, behavior, or personal growth. In keeping with Title 16, Section 1165, 909, the Burlington Schools have a comprehensive K-12 drug and alcohol abuse prevention curriculum, teacher training programs, support and referral systems, a cooperative referral agreement with an approved treatment agency, an approved School Board Policy (JFCI), and community awareness activities.

## **THEFT**

Students are responsible for securing their valuables at all times. The school is not responsible for lost or stolen electronic devices and other belongings. Failure to return school issued electronic devices will be considered theft. Students guilty of theft of school materials, supplies, personal, or professional belongings may be suspended for a period of

up to five (5) school days. In addition, legal authorities may be contacted. Restitution will be required. **Students are not permitted in teacher areas or locker rooms at any time other than assigned classes without permission.**

Students will automatically be reported to the Burlington Police Department under the City of Burlington's Tagging, Graffiti and Vandalism Ordinance.

## **WEAPONS**

Burlington High School complies with the federal Gun Free Schools Act of 1994 and 16 V.S.A. S.1166, Possession of a Weapon at School, and School Board Policy, Dangerous Weapons and Devices in

Schools, JFCJ, requiring school districts to provide for the possible long-term suspension of students who bring weapons to any setting which is under the control and supervision of the school, such as school buildings, parking lots, and vehicles used to transport students. Weapons include, but are not limited to, guns, silencers, explosives, poison gas, clubs, knives or any sharp-edged device capable of being used for the purpose of causing serious bodily injury. **Any student who brings a weapon to school shall be referred to a law enforcement agency, may be suspended and brought by the superintendent to the School Board for a long-term suspension hearing** which shall result in long-term suspension from school for at least a calendar year unless the long-term suspension is modified by the School Board in compliance with Board Policy JFCJ. *The school reserves the right to search the belongings, lockers, and cars of students who are found with a weapon.*

## **IN-SCHOOL SUPPORT, OUT- OF-SCHOOL SUSPENSION AND LONG-TERM SUSPENSION**

In a large school community, certain rules and regulations are necessary to ensure order and protect the rights of all individuals. While every effort will be made to help all students in complying

with school rules and regulations, sometimes the actions of individuals result in students losing the privilege of being part of the school community. Students may be suspended for a given length of time (up to 10 days) by an administrator. Suspension of a longer duration, or long term suspension, is by approval of the School Board. Due process will be provided to students during both suspension and/or long-term suspension.

Parents/guardians will be informed about their student's serious misbehavior and repeated inappropriate behavior, and of efforts by the school to remediate such behavior. Depending on the nature of the infraction, students may be referred to the BHS Student Support Center, Out-of-School Suspension or Long-Term Suspension.

**Seahorse Student Support Center.** A student who is referred out of class by a teacher, or experiences a conduct issue in the school, will generally first be sent to the BHS Student Support Center. The Student Support Center coordinator will work with a student's, parent(s)/guardian(s), teachers, guidance counselor, administrator, and others to understand the issue and develop and implement an appropriate response. A student's placement in the Student Support Center can be for a block or an entire day depending on the circumstances. While in the Student Support Center, a student's academic work will be provided and he/she is responsible for completing it. The number of days a student is assigned to the Support Center will vary depending on the behavior and the assigned consequence. While in the Student Support Center, a student will develop a plan for addressing and repairing the issue of concern and process the plan with an assistant principal. Restorative practices will be the foundation of the work done in the Center.

**Out-of-School and Long-Term Suspension.** Some infractions are so significant and disruptive to the school environment and the safety of other students that out-of-school suspension is required up to and including a long-term suspension of more than 10 days. While under an out-of-school suspension or long-term suspension, a student is not permitted to be on school property and at school events or additional disciplinary or legal action will occur. Students who are suspended have the right to make up class work missed within a reasonable amount of time. The student must make arrangements with the teacher on what constitutes a reasonable amount of time.

Severe actions with a consequence of suspension or further disciplinary action up to and including long term suspension include:

1. Actions which are or potentially could be physically or mentally injurious to any individual or group including striking another student, intimidation or harassment, pulling false alarms, dangerous operation of vehicles, carrying weapons, bomb threats.
2. Stealing, damaging or defacing personal or school property.
3. Selling, distributing, possessing or using alcoholic beverages or illegal drugs, unauthorized prescription drugs, and/or related paraphernalia.
4. Bullying and harassment.
5. Sexual activity.
6. Repeated failure to follow a reasonable directive such as stating an accurate name, leaving an area in the school or discontinuing inappropriate behavior.

**Due Process:** Students are not subject to arbitrary decisions and are guaranteed individual rights within the limits of a high school environment and code of conduct. The method for providing for these individual rights and to ensure fair judgment for the student is called due process. This process provides for:

1. Notification of the charges against the student.
2. Notification of the facts on which the charge is based.
3. The opportunity for the accused to be heard and to present his/her position.
4. An impartial decision-maker.
5. The accused to be informed of the decision.
6. The right to appeal to the next highest authority.

**Appeal:** Students have the right to appeal a suspension by contacting the School Principal or designee within seven (7) calendar days of the start date of the suspension.

## **V. ATHLETICS AND CO-CURRICULAR ACTIVITIES**

### **PHILOSOPHY**

The Burlington School District provides a full range of athletics and co-curricular activities to broaden the educational opportunities offered to students. Membership in sports, clubs, and school sponsored organizations can increase leadership and service potential, and provide physical, intellectual and spiritual opportunities in an effort to positively influence personal and social development. Participation in these activities is a privilege which requires students to represent BHS in a respectful and responsible manner.

The mission of the athletic program at Burlington High School is to foster a positive environment where academic and athletic integrity, responsibility, and excellence thrive. We value our student-athletes, coaches, and athletic staff members as learners, citizens, and competitors who demonstrate perseverance, dedication to team, good sportsmanship, and respect for all.

### **GOOD SPORTSMANSHIP**

A goal of interscholastic athletics is to give students the opportunity to expand their educational horizons by experiencing fair and friendly competition with peers. Students who cheer inappropriately or offensively, are removed from a game by officials, or cause a disruption to teams and fans, will be suspended from attending athletic contests and other school activities at the discretion of the Principal or her/his designee. “The ideals of good sportsmanship, ethical behavior, and integrity permeate our culture. In perception and practice, good sportsmanship should be defined as those qualities of behavior which are characterized by generosity and concern for others. Good sportsmanship is a concrete measure of the understanding and commitment to fair play, ethical behavior and integrity.” *National Federation Sportsmanship Committee*

The student may not take more than two (2) BHS academic courses while enrolled in the Home Study Program. The standard should be consistent with those for enrolled students to determine academic progress. Although this review is conducted by the parent or guardian, the parent or guardian must certify the review to the principal.
- The student must comply with all general VPA eligibility requirements, such as physical examination, insurance and

age.

- The student must comply with all school rules.

**Academic Make-Up Work/Early Dismissals:** Students who miss class as a result of activities or excused absences are expected to make up academic work immediately. Students who have unexcused absences or tardies will be reported to coaches by the Student Affairs Office. Players are responsible for making arrangements with teachers to complete assignments and assessments in a timely way. **Practice is not an acceptable excuse for not completing work or missing Call Back/Teacher Office Hours (3:05 – 3:30).** *Teachers reserve the right to deny an early dismissal from their classes for athletic contests if students are missing work and/or failing classes.*

**Attendance and Academics:** One of the most important aspects of participation on a team or in a program is commitment. A student who chooses to join a team or program must commit to participating in all preseason and regular season practices and competitions for the duration of the sport/activity. **A student who misses practice or competitions can (and likely will) have playing time adjusted.** *Student participants will be required to sign a student contract to verify their knowledge of and agreement to abide by school rules and policies before they can participate in co-curricular activities.* All participants must be in school **by the start of block 2** in order to practice or compete in their respective

activity. Any cut class during the school day will cause a student to be ineligible for that day's extracurricular activity. Participants are expected to be on time to school the day after an event. **Coaches and advisors will be informed by the Student Affairs Office of student absences and behavioral issues.** Repeated attendance or behavioral issues may result in an activity suspension.

**NCAA Requirements:** Students wishing to play or receive an athletic scholarship, especially at a Division I or II college, must meet certain academic requirements that involve specific high school course work, grades, and standardized test scores. Potential Division I or II athletes must also register during their junior year in high school with the NCAA Eligibility Center.

## **ATHLETIC/ACTIVITY CODE OF CONDUCT**

Participation in athletics and co-curricular activities at BHS is **a privilege**, not a right. It is important that students, parents, and coach/advisors are aware of the rules and regulations of the school and of each team. Students who participate in athletics and co-curricular activities represent BHS at school and in the community. **Students must obey all school rules during the school year.** School rules are applicable for the period commencing with the first scheduled day of practice for fall sports and terminating with the conclusion of all activities relating to spring sports (including practices, playoffs, tournaments, all-star activities, and seasonal award nights). School rules are applicable for the period commencing with the first scheduled practice or co-curricular meeting at the start of the school year and terminating with the conclusion of all activities relating to athletics or co-curricular activities in the spring (including practices, playoffs, tournaments, all-star activities, seasonal awards, festivals, competitions, or conferences). The rules are applicable whether the violation occurs **on or off the BHS campus.** Offenses are **cumulative from year to year** throughout the student's career at BHS. Misconduct at school or in the community must be **self-reported** by students directly and immediately to their coaches or advisors, or may be reported by responsible adults, including parents, coaches, advisors, school employees, and police officers. School rules may be **supplemented by specific**

**team or club rules** imposed by the coach/advisor and reviewed and approved by the school administration. Each sport or activity is unique, deeming it appropriate for individual coaches and advisors to determine and set guidelines for participation. These guidelines will be made clear to the students at the start of the athletic season or club activity.

Students shall be subject to the **penalties** outlined below who:

- are found to have purchased, possessed or used alcohol and/or non prescription drugs, and/or illegal substances, and/or tobacco products on or off school grounds;
- are charged with a misdemeanor other than a misdemeanor resulting from a motor vehicle offense which did not involve personal injury or careless and negligent driving; and/or
- are charged with a felony for which probable cause has been determined; or vandalizes school property or steals property on school district grounds.

### **Athletic/Activity Consequences**

**First Offense:** A student who breaks the Athletic/Activity Code of Conduct during a sports or activity season will be suspended from competing for the rest of that season, or 20 percent of the games scheduled for that season, whichever is less (*scrimmages do not count*). During the suspension, the student will be required to continue to practice with the team/club and attend all scheduled games/productions in street clothes. Failure to comply will result in automatic dismissal from the team/activity. If, as a result of the offense, a student also faces school consequences, those *school consequences must be served first before co-curricular consequences* are applied; the student may not attend practices or games until the school suspension is completed. *If the offense occurs between sports or drama seasons during the school year, the co-curricular suspension will be applied to the next applicable season for 20 percent of games/performances scheduled.*

**Second Offense:** A student who breaks the Athletic/Activity Code of Conduct a second time will be suspended for the rest of the season, or for 50 percent of the games/performances scheduled for the season, whichever is less. However, if the suspension is for the rest of the season, and this does not result in the student being

suspended for at least 25 percent of the games of such activity, *the suspension will carry over* and the student will be ineligible for games in the next sports/co-curricular season until he/she has served a suspension of at least 25 percent of the games of the sport/activity the student was participating in at the time of the violation. If the student is not participating in an activity at the time the second violation occurs, the suspension shall be for 50 percent of the games/performances scheduled for the next team/production of which the student is a member. *Scrimmages do not count.*

**Third Offense:** A third offense will result in suspension from all activities for a period of one full calendar year from the date of the violation.

**Fourth Offense:** A fourth offense will result in a suspension from all co-curricular activities for the balance of the student's career at BHS.

Please Note: In any offense, the student **will not be eligible to receive any in-season athletic awards.** However, in first and second offense situations, by extraordinary community service, the student may regain eligibility to receive BHS or post season athletic awards if such eligibility is certified by the coach and Athletic Director.

### **Co-Curricular Consequences**

In addition to formal athletics and school clubs, students involved in other co-curricular activities who break the Athletic/Activity Code of Conduct during the school year may be suspended from those activities. The administration will consult with the appropriate advisor to determine the consequence on a case by case basis due to the unique schedule of each activity. Severe violations and/or multiple offenses may result in the immediate suspension from current and future co-curricular activities.

**Appeal of Suspension:** After a ruling of ineligibility, suspension, or long-term suspension from an activity has been made, generally by an Assistant Principal, the student and/or his/her parents may formally appeal that decision in writing to the Principal. The appeal must be received within (7) calendar days from the first day such ineligibility takes effect. After an appeal has been received, a date for hearing will be established by the Principal, such date to be no later than (7)

calendar days after receipt of the written appeal. The Principal will hear the appeal. The Athletic Director, other school administrators, other coaches/advisors, and/or the Superintendent may be consulted or included in hearing the appeal as needed. The Principal will render a final decision and forward a written copy to the student and parents.

**Students dismissed from any team or club** must gain prior approval from a school administrator before trying out for another athletic team or club activity.

## **OTHER CO-CURRICULAR POLICIES AND GUIDELINES**

**Activity and Athletic Tryouts:** In some sports/activities it may be necessary to reduce the number of participants to a manageable size, particularly when considering safety, fiscal resources, equipment, facilities, and personnel. Coaches and advisors will provide information prior to the tryouts regarding the characteristics needed of participants. The tryouts will be designed to allow all interested students to demonstrate their skills and abilities in a fair manner. After tryouts, the coach/advisor has the final say as to who participates in the sport/activity. ***Please note that athletics and drama are very competitive; an individual's ability, attitude, and work ethic as well as the team's or productions' specific needs will determine selection, playing time, and roles. Playing or theater time is not guaranteed.***

**Awards and Banquets:** End of season awards are presented by the respective coach/advisor at the discretion of coach/advisor. The recognition for successful participation in an activity at BHS is important to the participants, the school, and the community.

- All sub-varsity and varsity participants will receive a certificate of participation.
- A varsity level participant may be awarded a varsity letter and/or proper metal insert.
- A captain's pin shall be awarded to all participants recognized as captains of a varsity activity.
- Each June, there is an All-Sports Award Night sponsored by the BHS Boosters. Any athlete earning All-State, All-League post season honors will receive an invitation to attend this evening with their family/guardians.
- Drama participants and students involved in clubs and activities will be recognized as appropriate at the BHS Awards

Ceremony in early June.

**Communication of Concerns:** Students should voice concerns as follows in order to teach students how to assume responsibility and speak up respectfully when issues arise:

- The student should first speak directly and immediately with the coach or advisor.
- If the concern is not resolved between the student and coach/advisor, the student and a parent/guardian should then arrange to speak with the coach/advisor.
- If the concern is still not resolved, the student and parent/guardian should contact the BHS Athletic/Activities Director who will meet with the student, parent, coach/advisor, and make a final resolution or decision regarding the concern.
- The BHS Principal or other administrators will not be involved unless there is a health and safety, harassment, bullying, or hazing concern.
- Students will have the opportunity to complete end-of-season and production evaluations in order to provide feedback and information on the season/activity.

**Equipment Issue and Return:** All issued equipment and uniforms are the property of BHS. It is expected that students will return all equipment and uniforms with no more than normal wear and within one week of the conclusion of the season. Lost or stolen equipment is the financial responsibility of the participant. School uniforms are not allowed to be worn for any personal use other than game/practice.

**Hazing Policy:** Hazing undermines the positive outcomes associated with participation in co-curricular activities. Hazing is defined as any activity that is expected of someone to join a group or team that humiliates, degrades, abuses, or endangers them emotionally or physically, regardless of intention or willingness to participate. Hazing also includes soliciting, directing, aiding, or otherwise participating actively or passively in such acts. Hazing may occur on or off the school grounds. Spending any time questioning whether an activity is hazing or not is a good indication that it probably is.

**Hazing is prohibited and consequences will be severe.** All potential or experienced hazing activities should **immediately be reported** to the coach/advisor, a guidance counselor, the Athletic

Director, Assistant Principal or Principal. Typical consequences of hazing include, but are not limited to:

- Suspension of game(s) or athletic team
- Removal from athletic team
- Termination of the athletic team and remaining games left in season canceled
- Further actions as determined by Principal and Athletic Director

**Performance Enhancing Drugs/Supplements:** Use of illegal performance enhancing substances such as anabolic steroids, diuretics, and HGH is dishonest and dangerous. **A student found using illegal performance enhancing substances will be dismissed from the team and will be subject to suspension under the BHS Drug Policy.** Use of legal performance enhancing substances is strongly discouraged. BHS athletic training staff members are knowledgeable about the use and dangers of these products and are available to answer questions from students and parents.

**Respect/Behavior to Coach or Advisor:** At all times, students are required to comport themselves in a manner respectful of themselves, their team or school activity, Burlington High School, the athletic department, game officials, opponents, and property. *A student who does not model good citizenship and sportsmanship is not welcome on a team or as a participant in a school activity.* Students must refrain from disrespectful conduct such as unsportsmanlike conduct; profane, abusive, demeaning, harassing, threatening or obscene expression; or deliberate damage to equipment or other property. **Disrespectful conduct will be reviewed by the head coach or advisor and athletic director and may result in disciplinary action up to and including removal from the team.** *A coach has the right to discharge a player from a team if the student is disrespectful to and disparages the coach and/or fails to follow a coach's directives.*

**Transportation:** BHS has adopted the following transportation practices for all groups traveling in vehicles provided by the school district. Team travel is an integral part of team and activity development.

- All participants must adhere to all safety rules stated by the driver and coach/advisor.
- All participants must travel on the bus to an event.

- If permitted by coach, a parent/guardian may transport the student home after the event.
- Any special circumstances must be cleared by the Athletic Director and Coach prior to departing for the trip.

## **VI. GENERAL RULES AND POLICIES**

### **ASBESTOS MANAGEMENT PLAN**

The Asbestos Hazard Emergency Response Act (40 CFR 763.93 [g] [4] requires that written notice be given that Burlington High School has a Management Plan for the safe control and maintenance of asbestos-containing materials found in its buildings. These Management Plans are available and accessible to the public from the Main Office. Please contact the principal's office if you wish to read this plan.

### **ASSEMBLIES**

Assemblies will be presented at Burlington High School for the benefit of the student body. Many of these assemblies will be presented by guests, visitors, fellow students and other school personnel. The courtesy and understanding extended to these people will reflect on the Burlington High School student body as a whole. Special assemblies are sometimes available to the student body at the individual teacher's discretion. Students are required to attend assemblies with the teacher when the teacher determines that a specific assembly is relevant to the subject matter. Full school assemblies will be attended by all members of the student body. These assemblies will be held according to an Assembly Day Schedule. A student who has a specific reason for not attending an assembly, based on religious, moral, or ethical values, should report this fact to the assistant principal for resolution.

#### **Assembly Schedule**

- 8:00- 9:20 Block 1
- 9:26-10:46 Block 2
- 10:53-11:38 Assembly
- 11:44- 1:34 Block 3 and Lunches (80 min. & 30 min. lunch)
- 1:40- 3:00 Block 4

## **AUTOMOBILES AND PARKING**

All student vehicles must have a Burlington High School Student Permit and are to be parked in the student parking areas only.

**Parking is a privilege, and those who violate this policy will be ticketed,**

**have their vehicles towed at the discretion of the administration, and/or have their parking privilege revoked.** A hanging tag must be purchased for each car that is driven to school. Tags may be purchased in the Student Affairs Office for \$25. If a student gets a new vehicle, they need to purchase a new permit. Only

properly stickered vehicles belonging to faculty/staff members will be permitted to park in the main parking lot in front of "A" building and in other areas designated for faculty/staff. The School Department assumes no liability for damages, fire and theft for persons who choose to park at BHS. Students may not be in the parking lot during the school day and are to obey posted speed limits and to drive carefully at all times. **Loitering in parking lots is prohibited. In addition, the school reserves the right to search any vehicle on school grounds if there is reasonable suspicion.**

## **BUS TRANSPORTATION**

All students taking the bus to school are required to ride the Neighborhood Specials during the school day and show a valid BHS ID to drivers as they board the bus. All students will be given a BHS ID at the start of school; replacements ID's may be purchased for \$5 each. The Burlington School District publishes eligibility criteria for students to ride the bus for free every school year. In addition to taking Neighborhood Specials, students who qualify may also ride free home from school activities on the CCTA regular routes until 7:00 pm. **CCTA buses and bus stops are considered school property and all school rules apply.**

Students need to be aware that CCTA buses are equipped with video surveillance cameras and that BHS and the Burlington Police Department have access to video tapes as needed.

## **CAFETERIA**

The cafeteria will be available for students who wish to eat during the school day. While we do allow students to eat in lobby, we always ask that students put trash where it belongs. Maintaining a clean environment demonstrates respect for each other and ourselves. Breakfast is available from 7:30-8:00, and **students are required to**

**be in class on time.** Dinner is available at the end of the school day until 3:25PM. Students may eat only during their scheduled lunch block in order to reduce congestion in the cafeteria. The basic rules for the student cafeteria are designed to accommodate a large number of students in a pleasant and efficient manner. The general rule is **common courtesy and cleanliness**. Students will return trays and dishes to the appropriate areas to recycle, compost and minimize waste. Students are expected to cooperate with the cafeteria supervisors.

### **CALL BACK**

The call-back time (3:05-3:30) is time designated for extra help or meeting time between students and teachers. The call-back block is considered a part of the regular school day. Students who are called back are required to attend. Students may also be asked by teachers to return during call-back for disciplinary reasons. Students who do not attend a required call back are subject to additional consequences. **Athletic practices and extra-curricular activities will not begin prior to 3:30.**

### **COMMUNITY SERVICE**

Community service is a promotion and graduation requirement at Burlington High School. Community service allows students to apply what they have learned in the classroom out in the community. Each student must complete **40 hours of community service in order to graduate** from Burlington High School. Students are invited to document all community service hours over the 40 required hours for scholarship and other community recognitions. Community service must be completed through a non-profit organization (groups or foundations that are tax-exempt under Internal Revenue Code Section 501(c)(3) ) and not during school hours. It excludes volunteering at a for-profit business, participation in church services, caring for pets (unless it is done through an organization like the Humane Society), babysitting, helping relatives (this is considered a family obligation) or volunteering outside of school during school hours.

For ideas and opportunities available for community service, please consult the guidance department. Community service forms are available in the Guidance Office, and should be turned into the Guidance Office. *Seniors will not be allowed to participate in*

*the graduation ceremony unless their community service obligation is complete.*

## **COMPUTER LABS AND OPEN ACCESS COMPUTER LAB**

Located in the library in B Building, this lab is designed for individual student use - research, writing papers, and completing homework. The lab is a quiet work area, available before and after school, during Academic Study/Guided Study or unassigned blocks of time. Students doing assignment-based tasks will take priority over students doing an academic task that has no deadline. Lab monitors can assist students with getting a computer. Occasionally there may be a wait of up to 20 minutes. No food, drink, audio devices, games or instant messaging are permitted at any time. All computer use must follow general school guidelines for appropriate language, appropriate subject matter and academic uses taking precedence over personal uses. Laptops **may only be used for academic purposes**. There is a lab monitor present to assist students with computer tasks at all times the lab is open. All students must:

- Sign and return the Acceptable Use Policy, with parent signature.
  - Follow the Acceptable Use Policy.
  - Sign in and out of the lab.
  - Show student ID to the lab monitor, when asked.
  - Not load any personal software on school computers.
  - Report any problems to the lab monitor.
  - Have personal disks scanned by the lab monitor.
  - Sign out CDs they use; return the CD to the lab monitor.
  - Never “share” her/his user account with anyone else. **Signed**

**Acceptable Use Policy forms are required before a student’s network account is activated, which also allows Internet access.**

The district Internet Policy prohibits certain sites, chat rooms, and instant messages. *Violations of the Internet Policy, as well as any unacceptable lab conduct will result in disciplinary actions.*

## **COMPUTER AND ELECTRONIC RESOURCE USE POLICY**

**Student Expectations:** Students may access Electronic Resources for educational purposes only. The term "educational purpose" includes use of the system for classroom activities, which may involve e-mail communication, career development, and curriculum driven research. The District’s Electronic Resources shall not be used

for commercial or entertainment purposes, or as a public access service or public forum. Student use of the District's Electronic Resources will be governed by this policy and procedures as well as other related District policies and procedures, including, but not limited to the Reproduction of Copyright Materials, Web Publishing, Sexual Harassment, Harassment on the Basis of Protected Characteristics, and Student Conduct and Discipline Policy. Students have no right or expectation of privacy regarding anything created, sent or received on the District computer system including e-mail, sites accessed on the Internet or WWW, or any other use of computer equipment. The District may monitor any and all computer transactions and communications in order to evaluate the use of the District's computer system to ensure compliance with this policy. All computer communications are subject to public disclosure laws. Students must comply with all software licenses, copyrights, and other state and federal laws governing intellectual property and electronic access, including but not limited to the Child Internet Protection Act, Federal Educational Rights and Privacy Act, and Individuals with Disabilities Education Act.

**Parental Notification and Responsibility:** If the parent/guardian does not want their child(ren) to have access to District Electronic Resources including the Internet, they have the right to request the termination of their child(ren)'s access to Electronic Resources and the Internet at any time.

**Supervision, Monitoring and Retention of Records:** The District will use federally required filtering/blocking technology (Technology Protection Measure) and monitor use of the Internet. The District will monitor use of the Internet through a regular, ongoing analysis of reports and a review of web logs. Routine maintenance and monitoring of the system may lead to discovery that the user has or is violating this policy and/or related policies, or the law. An appropriate investigation will be conducted if there is reasonable suspicion that a user has violated any District policies or the law. The investigation will be reasonable and in the context of the alleged violation.

**Limitation/Disclaimer of Liability:** The District shall not be liable for students' unacceptable use or violations of copyright restrictions or other laws, user mistakes or negligence, and costs incurred by

users. The District shall not be responsible for ensuring the accuracy, age appropriateness, or usability of any information found on the Internet. The District makes no guarantee that the functions or the services provided by or through the District system will be error-free or without defect. The District shall not be responsible for any damage experienced, including, but not limited to, loss of data or interruptions of service. The District shall not be held responsible for the accuracy or quality of information obtained through or stored on the system, or for financial obligations arising through unauthorized use of the system.

**Free Speech, Portals, Selection of Materials:** Efforts to protect students from access to potentially harmful or inappropriate material and to direct students to high-quality educational materials shall not be implemented in such a manner as to restrict student access to information and ideas based on viewpoint discrimination. The District Internet system is considered a limited public forum. The District may restrict student speech for valid educational reasons. The District will not restrict student speech on the basis of a viewpoint discrimination.

**Student Safety When Using Direct Electronic Communication:** The District may provide email access for students but limits the use to educational purposes only. Students may only use real-time electronic communication, such as chat or instant messaging, for specifically organized educational activities. Students will not post personal contact information about themselves or other people and agree to follow safety requirements as outlined when using electronic communications.

**Illegal, Unauthorized and Inappropriate Activities:** All student users of the District Electronic Resources will receive instruction regarding the safe, ethical, legal, and responsible use of the Electronic Resources and the Internet. The District will establish procedures that address the prevention of actions that are illegal, unauthorized, inappropriate, and/or that could damage the District's Electronic Resources. Students may not access materials for any purpose that the District deems to be potentially harmful, inappropriate, illegal, and non-educational. This includes material that is obscene, child pornography or anything that the District considers harmful to minors.

**Plagiarism and Copyright Infringement:** Users will not plagiarize works that they find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were original to the user. Users will respect the rights of copyright owners. Copyright infringement occurs when an individual inappropriately reproduces a work that is protected by a copyright. The District's Copyright Policy applies to the use of District Electronic Resources and should be reviewed by all users of the Electronic Resources.

**Due Process:** In the event there is an allegation that a student has violated this policy, The Student Conduct and Disciplinary Policy shall apply, including all rights to due process. The District will cooperate fully with local, state, or federal officials in any investigation concerning to or relating to any illegal activities conducted through the District Electronic Network.

**School Web Page Publishing:** The Burlington School District believes the Internet or World Wide Web is an important communication resource for our faculty, students, parents and the community. The Burlington School District Website is owned by the District. Users should have no expectation of privacy rights. In order to protect the rights and privacy of students, no personally identifying information will be published, except as permitted by a parent/guardian or student who is 18 years of age. No student email or other contact information will be published. Photographs of students are acceptable only under the photography guidelines summarized above. Student violations of the District policies and procedures may result in discipline up to and including long-term suspension.

## **DANCES**

Students must be in good standing to attend school dances. This may include registration information status, discipline and attendance. School rules concerning smoking, substance abuse, and the right to search student belongings including cars, are in effect at all school activities, including dances. Students are asked to dance appropriately. Administrators may interrupt dancers whose dancing is too explicit as well as review and mix up the playlist of music. At the request of administrators, students will be asked to submit to a breathalyzer test. Once a student leaves the

dance for any reason, he/she will not be readmitted to the dance. Guests must be pre- approved by an assistant principal. Dances held off campus are considered school-sponsored activities. No middle-school aged student is allowed to attend a BHS sponsored dance. Students who are asked to leave a dance for any reason may be prohibited from attending future dances.

### **DEBTS, FINES, AND FEES**

Students are issued books, materials, electronic devices, and athletic equipment, and are expected to return these items in the condition they were issued. School personnel will assess fines for items that show damage other than normal wear from use or the replacement cost for lost or stolen items. Library fines are charged on late materials. Textbooks and other instructional materials must be returned prior to mid-term or final exams. Parking tickets must be paid promptly or cars will be towed or booted. Seniors who plan to participate in graduation ceremonies must return materials or pay the commensurate amount prior to graduation.

### **DRESS CODE**

This statement of personal appearance at Burlington High School is based on very fundamental educational concepts. BHS believes that appropriate dress and grooming contributes to a productive learning environment. There are certain types of dress which violate health or safety laws, create disruption, or detract from the educational purposes and learning within the school. For example, health and safety laws and regulations prohibit bare feet, or clothing which is a health or safety hazard to the individual student or others. These restrictions are educationally imperative to effective teaching and relate to the legal right of the school to establish standards that are "reasonably related to the educational process." Students are not permitted to wear clothing that promotes alcohol, tobacco, drugs, weapons, violence, or contains vulgar or obscene language, inappropriate words or pictures. In addition, students may not wear clothing that promotes gang affiliation or activity including bandanas and any type of mask. Pants,

shirts and skirts must cover undergarments and be of appropriate length.

Dress and appearance are considered the responsibility of the student and her/his parents or guardians with the following limitations.

*Students wearing clothing in violation of the dress code will be dealt with on an individual basis. School administration will determine if a student is in violation of the dress code. The school will provide clean clothing for students who are required to change. Students who refuse to change will be sent home. Repeated violations of the dress code may result in additional consequences including suspension.*

## **ELECTRONIC DEVICES**

### **Students must use electronic devices**

**appropriately.** Inappropriate use includes:

- ignoring or disrespectfully responding to a question or directive of a teacher or administrator;
- creating an unpleasant, loud, or negative climate for other students, staff members, teachers, and visitors;
- taking or dissemination of unauthorized photos or videos;
- cheating including texting/sharing answers, the content of tests, or other information;
- inciting, harassing, or angering others; and
- using or listening to disrespectful language and/or lyrics.

Students who are issued electronic devices to support student learning must follow school policies and procedures agreed to by students and their parents or guardians. Inappropriate use of devices may result in restricted and limited access. Students and parents will participate in required orientation and training sessions before devices will be issued to students. Some payment for insurance is required in order for devices to go home.

### **Consequences for inappropriate use of electronic devices:**

*There are additional rules and consequences for ChromeBook use. Please see the BHS website for these rules and consequences.*

**First Offense:** Device will be confiscated by an administrator for rest of the school day.

**Second Offense:** Device will be confiscated until a parent/guardian meets with an administrator. Student will participate in a restorative conference in the Student Seahorse Support Center.

**Third Offense:** Device will be confiscated until a parent/guardian meets with an administrator. Student may serve one day of in-school suspension (ISS). Required restorative conference.

### **After the Third Offense and for each subsequent offense:**

Device will be confiscated until a parent/guardian meets with an administrator. Student may be suspended in school (ISS) for one day. Student may also be prohibited from having the device in school for one month. If necessary, student may turn the device into the Student Affairs Office at the beginning of the student's school day and may retrieve it at the end of the student's school day. For multiple offenses, the school reserves the right to severely limit or ban a student's use of electronic devices.

If a teacher notes that a student's use of electronic devices is proving to be continuously disruptive, *the teacher has the right to ask for the student's electronic device, or will refer the student to the Student Affairs Office* where the First Offense of this policy will be put into effect. We ask parents and guardians to help us administer this policy by not calling or texting your students during class time. Students may access a phone in the Main Office where messages may be left. ***BHS is not responsible for lost or stolen devices. BHS reserves the right to confiscate phones and other electronic devices based on reasonable suspicion. Devices may be searched with parent permission (See Student Searches p.27)***

### **EIGHTEEN YEAR OLD POLICY**

It is recognized that many students will reach the age of majority while enrolled at Burlington High School. It is also apparent that most parents wish to remain in close contact with their son or daughter's progress at school. Therefore, it will be school policy to continue to communicate information related to school through parents. **Students who are 18 must still abide by all school rules including our school attendance policies.** 18-year olds may not sign attendance excuses for themselves; parents or guardians must still contact the Student Affairs Office.

### **EMERGENCY TELEPHONE NUMBERS**

Please keep the Student Affairs Office informed of a current emergency telephone number we may call if you do not answer at home. A number at the parent or guardian's workplace or a neighbor's number will be most helpful, and will be used for individual emergencies only, such as illness or accident.

## FIELD TRIPS

Students in good standing may participate in field trips as part of their educational experience. Teacher approval and parent permission will be necessary in order for a student to participate in a field trip.

Permission forms are available in the Student Affairs Office and must be signed by the student's teachers and parent/guardian. Forms must be signed and returned one week prior to the event. Students may be denied going on the field trip if they have not completed this form and returned it to the field trip organizer prior to leaving for the field trip.

*Students must be present by the start of Block 2 in order to participate in a field trip, and may be denied access to the field trip due to previous absences.*

## FIRE, LOCKDOWN, EVACUATION DRILLS, AND BOMB THREATS

**Fire Drills:** A card is posted in each room giving instructions as to where the class in that room should go in case of fire. At intervals during the year, practice drills are held. Students must leave the building quietly and quickly. There will be no talking. When the buildings have been finally cleared by the fire department and can be safely reoccupied, the students and staff will be instructed to re-enter. Under no circumstances should a student attempt to fight a fire - call a faculty or staff member. During the drill, everyone is to remain at least 100 feet from the building.

**False Alarms:** It is both dangerous and illegal to pull a fire alarm unless there is a fire. Protective boxes have been installed around fire alarms so that they cannot be accidentally set off. Any student who pulls a false alarm will be suspended, restitution will be required, and a recommendation for long-term suspension may be submitted to the School Board.

**Lockdown Drills:** Lockdown drills will occur periodically during the year in order for students to practice safe behavior during a potential crisis at BHS. The principal or designee will announce, "We are in lockdown". **Teachers will gather all students into their classrooms and 1. Lock the doors. 2. Turn off the lights. 3. Lower the shades. 4. Get away from the windows. 5. Huddle out of view. 6. Keep absolute silence. 7. Do not open the door to anyone.** Administrators or police will have keys if they need to enter. Students and staff

members not in classrooms need to get in the safest place as quickly as possible including bathrooms, the cafeteria kitchen, and offices. Ignore fire alarms unless you are threatened by smoke or fire, then, evacuate to a safer location.

**Evacuation Drills:** Some emergencies will require the evacuation of students from the school. In a practice evacuation drill, the principal will announce, “We have an emergency situation at BHS,” and direct faculty and staff to bring students to an internal school location such as the gymnasium or auditorium, or to an off-campus evacuation site including the North Avenue Alliance Church and Rock Point. Students will remain in an evacuation location until the police have practiced clearing the school for safe return.

**Bomb Threats:** A student who makes a bomb threat will face serious consequences up to and including long-term suspension. “Bomb threat” means making, attempting to make, or participating in any communication, including, but not limited to, an oral or written communication, which a reasonable person would interpret to mean that a device or object could or will explode, combust, ignite or otherwise cause significant disruption, personal injury, property damage or other harm, at any Burlington school building; on Burlington school property, including school transportation vehicles; or during any Burlington school activity. Bomb threats are very disruptive to BHS educational activities, cause school community members to be fearful for the personal safety of their children and themselves, threaten destruction of school property, and can have a significant financial cost to the school district. **Making a bomb threat, therefore, is a separate and distinct violation of school district policy with its own penalty, separate and apart from a violation of Vermont law which provides for as much as two years in jail and a \$5,000 fine for a first offense, and up to five years in jail and a \$10,000 fine for a subsequent offense.** The School Board reserves the right to bring a lawsuit against anyone responsible for a bomb threat and to seek restitution and other damages permitted by law.

**Cooperation during Fire, Lockdown, or Evacuation Drills or Emergencies:** Students who misbehave during practice or actual emergencies can endanger other students and staff as well as themselves. All students must obey all staff directions and maintain

an orderly, cooperative and quiet demeanor. A student's failure to do so will be considered serious misconduct and will result in disciplinary action up to and including long-term suspension.

### **HALL POLICY**

Students who do not have a class must have a pass from their teachers. Students should not be in the academic buildings during any block unless they have a class. The halls may not be used by students for study, lounging, eating/drinking, or to have conversations except in A building during lunch. **Students must be in the cafeteria or the library if they do not have a class.**

### **INSURANCE**

Information on how to purchase basic low-cost school insurance is available in the Health Office for students to participate in school activities. All students who plan to participate on any athletic team at Burlington High School must be covered by accident insurance.

### **LOCKERS**

Lockers are available upon request from Mrs. Kirk in the main office.

### **MESSAGES**

Due to the large number of students at Burlington High School, informational messages generally cannot be delivered to students during the school day. Only emergency messages will be conveyed to students and it will be necessary for the caller to state the nature of the emergency.

### **RECORDING/FILMING/PHOTOGRAPHY OF STUDENTS**

Recording, filming, or photographing students and adults while participating in school activities may constitute a disruption in the planned instructional process if it is done without adequate preparation and justification and may violate a student's right to privacy. The Burlington School District reserves the right to approve or disapprove any filming or recording on school property and at school events other than public functions such as athletic games and plays. There are numerous occasions during the school year when the school district, local media organizations, or authorized individuals, photograph, videotape, or interview students on or outside our schools for legitimate purposes. Parents are requested to sign a permission form at the beginning of each year if parents do

not wish their student to participate in such activities. *Parental permission is not required for events such as awards assemblies, plays, concerts, athletic contests, or similar events because they are open to the mass media.* **Recording or taking pictures covertly and without permission of the subject(s) is not allowed under any circumstances. Forwarding these images to another person or posting them on the Internet is expressly forbidden and may result in disciplinary consequences.**

## **RESIDENCY**

The Burlington School Board is responsible for ensuring the education of pupils who are residents in the Burlington School District. The Board has a responsibility to the taxpayers of this District to be assured that the District is only educating those pupils whose parents, legal guardians or custodians have chosen to make this District their residence or who meet the statutory exceptions to the residency requirement. Accordingly, the District may, consistent with state statute, refuse to accept or may dismiss pupils who are not legal residents of the District.

Parents, legal guardians and custodians of pupils and emancipated minors enrolling in the Burlington School district schools for the first time, re-enrolling after withdrawal, or whose residence is being questioned, must provide proof of residence to the Guidance Office. Further information regarding verification of student residency is available from the principal.

## **SCHOOL BOUNDARIES**

Students are expected to remain within designated areas of the school campus throughout the school day, commencing when students first arrive at school. Violations of this policy may result in disciplinary action, including searches and/or suspension (see Student Searches on page 27). The school campus includes all buildings, fields, athletic areas, parking areas, and all walkways. Students may freely access the following areas during the school day: entrance area in front of A Building, front lawn area up to the flag pole; lawn area up to the corner of A Building/Auditorium; courtyard garden area adjacent to A and B Buildings. The courtyard area between B, C, D, and E Buildings may be used during passing times or with permission from a staff member.

Areas off-limits during the school day, unless part of a class activity or authorized by a staff member, include: all wooded areas, all faculty parking areas; access road by A and F Buildings, the west section of Institute Avenue past The Weaver Athletic Complex; North Beach campground; Rock Point School property; any waterfront area. Student Parking Lots are off-limits during the school day; owners of vehicles may access a vehicle with the permission of a staff member. Students may be at bus stops during the school day only when leaving school for the day.

## **SCHOOL CHOICE**

Students who are interested in attending another high school must apply in writing to their home school's principal by March 1 of the year preceding their desired entrance. A lottery will be held in early February to determine school choice students for the following year. Students in good standing do not need to reapply each year; however, if there is a truancy or behavioral issue, the privilege of being a school choice student may be revoked.

The intent of School Choice is to increase student options without causing undue hardships on high schools. Most area high schools have limited space due to increased enrollments, limited building space, and financial pressures and cannot accommodate additional students. BHS has a total of 10 new combined slots for school choice students. Applications may be submitted after February 1; however, they will be placed on a wait list and may be filled on a space available basis. Each year, the Superintendents of the area school districts will review and refine as needed policies and procedures regarding school choice

## **SCHOOL CLOSING**

In the event that it becomes necessary to close schools for the day, an automated phone call will be made to the first contact number registered for each student. In addition, local radio and television stations will be notified. Parents can also access this information from the Burlington School District web site ([bsdvt.org](http://bsdvt.org)).

## **SENIOR PICTURES**

Seniors are highlighted each year in the school yearbook. Seniors may elect to have yearbook photographs taken by a photographer of their choice or provide their own photograph for inclusion in the

yearbook, provided that the photographs are appropriate, meet the specifications of the yearbook staff, and are submitted by the established deadline.

### **SENIOR EXAM PRIVILEGE**

Students who have an A- average or higher based on four quarters of academic work in a year-long course, and have met or exceeded course expectations have the option of not taking the final exam in that course.

### **SKATEBOARDS AND SPORTING EQUIPMENT**

All sporting equipment, including basketballs and lacrosse sticks, may be used only in appropriate areas, i.e. the gymnasium, and must be put away during the school day. Skateboards that are brought to school must be put in the student's locker immediately.

Skateboarding inside the building or outside on school grounds is not allowed during the school day. Failure to follow these rules will result in confiscation of the skateboard.

### **STUDENT RECORDS RIGHT TO PRIVACY**

Students' rights to privacy are protected by school personnel. Students' records are personal property held in trust for the students by the public schools. These records may be viewed by school personnel who have legitimate cause and need, but no other individuals may view these materials without the expressed written consent of the student and/or parent or through legal release and/or court order.

When a student reaches the age of 18 or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent shall thereafter only be accorded to and required of the student by law, unless the student is a dependent as defined by Section 152 of the Internal Revenue Code.

To parents of Students Enrolled in the Burlington School District and Eligible Students: As a parent of a student enrolled in the Burlington School District, or as an eligible student, you have certain rights concerning the personally identifiable educational records which the District maintains for your student (you). These rights are afforded by: the Family Educational Rights and Privacy Act (FERPA), also known as the "Buckley/Pell Amendment", the Individuals with

Disabilities Education Act, also known as IDEA, and the policy and procedures of the Burlington Public Schools. You have a right:

1. To a list of the types and locations of student education records maintained by the Burlington Public Schools and titles/addresses of the officials responsible for those records.

FERPA allows disclosure of the following personally identifiable information without your consent: a) to school officials with legitimate education interests; and b) as directory information including student name, address, telephone number, date of birth, gender, weight and height of members of athletic teams, participation in activities recognized by the District, dates of attendance, degrees and awards received, and information, most recent previous school attended and the school to where the student transferred, if applicable; and in yearbook pictures, class pictures, and public school event photographs and videotapes. This information may be disclosed at the discretion of the school principal or director of guidance. Lists of student names or other information will not be made available as directory information, except to a specific school PTO or class PTO designee (e.g. room mother) also at the discretion of the principal; c) to the parent, to the student him/herself, to an eligible student; d) to officials of another school or school system in which the student seeks or intends to enroll. The Burlington Public Schools will forward education records to the institution in which the student seeks or intends to enroll upon the request of the institution, the parent, or the eligible student; e) to governmental officials and other authorities, as

provided by law; f) in health and safety emergencies; g) in connection with the application for and receipt of financial aid; h) if required by a state law (adopted before November 19, 1974) which requires disclosure; i) to organizations, who on behalf of the educational institution are engaged in predictive testing, administering student aid or improving instruction; j) to accrediting organizations carrying out their functions; k) to comply with a judicial order or lawfully issued subpoena after having made an effort to notify parent or eligible student of the order of subpoena.

5. To Limit the Disclosure of Directory Information. If you do not wish the Burlington School District to disclose, without your consent, any of the information designated as "Directory Information" in section 4(b) above pertaining to your student (you), you must submit a written request. The written request must be received by the student's(your) school principal within 10 working days of the date of the School Handbook's distribution or the date of the student's(your) enrollment, whichever comes later.

The written request must state specifically the Directory Information which should not be disclosed. This includes consent for information released to military and college recruiters. Parents who do not wish such information to be disclosed must complete the appropriate form by September 15<sup>th</sup> of each school year. If no written request is received in a timely manner, the District may disclose Directory Information about your student(you) without your consent;

6. To review the record of disclosure of personally identifiable information for your student's (your) records;
7. To examine and receive a copy of any policies or procedures of the Burlington Public Schools regarding student records by contacting the principal of your student's(your) school;
8. To receive this notice in a primary or home language other than English;
9. To file complaints, regarding the Burlington Public Schools' alleged violation of FERPA, to the U.S. Dept of Education, Family Policy and Regulations Office, Washington, D.C. 20202.

The Burlington School District will assume that either parent has the right to inspect, review, and release the student's records unless it is provided with evidence that there is a legally binding instrument which provides to the contrary. In order to request inspection and review of your student's (your) school records, or if you have any

questions concerning your rights in this matter, please contact the Principal or the Guidance Director.

### **SURVEILLANCE CAMERAS**

Burlington High School has video surveillance cameras to monitor potential illegal activities such as theft, graffiti, vandalism, unauthorized entry, misconduct, and other activities that would endanger students or the school buildings owned by the Burlington community. BHS reserves the right to use images from the surveillance cameras as part of student management and discipline proceedings.

### **TRESPASS**

Persons who have been given a No Trespass notice cannot come on Burlington High School property without the prior approval of the Principal or designee. Any administrator or designee may issue a No Trespass notice. This notice will remain in effect for the length of the school year or until revoked by the school. Persons who violate a No Trespass notice will be referred to local authorities and may be subject to Vermont Statute 3705 (Unlawful Trespass).

### **VISITORS**

Parents and other visitors must be approved and get a Visitor Pass in Visitor Sign-In area located in the main lobby of the building before entering other school buildings, and sign out when they leave the school campus. All unauthorized visitors will be required to leave.

## **VII. STUDENT SERVICES**

### **ADA AUXILIARY AIDS: INTERPRETER POLICY**

All activities for the public shall be accessible to persons with disabilities. For programs/activities which normally attract more than 500 people, a signer will be employed by the schools, e.g. BHS Graduation. For those activities which have less than 500 participants, signers will be provided upon request. Individuals who have or become aware of the need for an accommodation to fully participate in, and to enjoy the benefits of, a school program should notify the administrator responsible for the program/activity. Requests for interpreters and other forms of accommodations will

be made of the administrator responsible for the activity no less than 72 hours in advance of the activity.

### **CHILD FIND STATEMENT**

Federal legislation requires that all children with disabilities, birth through twenty-one be identified and all children with disabilities ages three through twenty-one receive a free and appropriate public education. The Burlington School District wants to locate out-of-school-children who have disabilities and are in need of special education services. Requests for services can be made by calling the Special Services Office for the Burlington Schools at 864-8456.

### **COLLEGE CONNECTIONS**

This program located in Building A, adjacent to the Health Office, assists the Guidance Office in providing support for students taking courses for both high school and college credit (dual enrollment). Students may be required to take the Accuplacer or other college readiness assessments to qualify. All interested students can stop by the College Connections Office or call 540-0953.

### **EDUCATIONAL SUPPORT SYSTEM**

Vermont State Act 230 requires each school district to “develop and maintain, in consultation with parent/guardian(s), a comprehensive system of education that will result, to the extent appropriate, in all students succeeding in the general education environment.” To this end, each school in the Burlington School District has in place an Educational Support System, with the goal of providing students with additional assistance needed for success or challenge in the general education environment. Within this system, each school has developed an Educational Support Team, which is a regular meeting with members from a variety of teaching and support services positions within the school. This team accepts referrals for students who have academic and behavioral concerns and considers what supports have already been tried and assists teachers in planning and providing services and accommodations for students in need of classroom supports or enrichment activities. This team also compiles data from its work, which is used as information considered by the school’s Action Plan to build overall capacity of the Educational Support System. If you would like to learn more about the Educational Support System in your school, please contact the BHS Guidance Director.

## **FREE AND REDUCED BREAKFAST/LUNCH**

All families are encouraged to complete the FRL forms. Not only do they help determine eligibility for families, the completed forms inform data collection impacting funding made available to the district. The forms are available on line and are part of the required registration and contact information updates. Paper forms are available by contacting the Main Office at 864-8410. Eligible students will not only receive access to free and reduced breakfast and lunch, but will also qualify for vouchers for the SAT, ACT, and AP college tests and for college application fees. For any questions, please contact the Guidance Office.

## **GUIDANCE & COUNSELING OFFICE**

The Guidance and Counseling Department's mission is to support the educational and emotional growth and well-being of students. Many students seek out the support of School Counselors on their own. Students can also be referred by parents, teachers, administrators, peers or outside agencies. Counselors are available for short-term counseling supports, helping students in crisis and assisting students with peer, family and school related concerns. Counselors help students and families to access community resources for ongoing therapy.

**Academic Counseling.** Counselors work with students, parents and teachers to foster student academic success. Supports include:

- Academic planning, course registration and scheduling
- Parent collaboration
- Teacher consultation
- Exploration of alternative educational opportunities

All students at BHS meet individually with their school counselor each year to address relevant grade level topics.

**Grade 9** - Transition to high school and understanding school requirements and supports

**Grade 10** - Review academic plans and explore high school opportunities

**Grade 11** - Review graduation requirements and begin planning for after high school

**Grade 12** - Finalize graduation and future plans

**Future Planning.** School counselors assist students to develop and implement plans for after graduation. Supports include:

- College search and application activities
- Information regarding college entrance tests (ACT and SAT)
- Career exploration
- Referrals to community resources

**Confidentiality.** All counselors follow the American School Counselor Association Code of Ethics. Students are guaranteed confidentiality when speaking with a counselor unless the student presents a danger to self or others. Vermont law requires counselors to report any suspected abuse or neglect to the Department of Children and Families. Counselors work as a team and, at times, consult with each other regarding student issues and services.

## **HEALTH OFFICE**

The purpose of the Health Office is to provide first aid for illness and injuries which occur during school hours. Treatment will be at the first aid level only. Students requiring medicine during school hours must provide their own and bring it to the Health Office

**Administering Prescription Medications:** Prescription drugs will only be administered by school personnel upon the written order of a physician. The physician and the parent/guardian must sign the medication administration form. Many physician offices have copies or one can be obtained from the school office. Medications which must be given during school hours will be administered by a certified school nurse or his/her designee. Students cannot take medications without proper supervision. The medication must be in its original container and brought immediately to the Health Office. If it is a long term prescription, the permission must be renewed each year. They are not to share these drugs with other students.

Students who have recently been prescribed narcotic pain medication as a result of a medical issue must check with the health office. Due to safety concerns, students will not be allowed in school while taking narcotic pain medication such as but not limited to: tylenol with codeine, dilaudid, morphine or vicodin. Some exceptions may be made with written permission from the student's physician indicating that the student has not experienced any side effects that would affect

the ability to safely navigate through the school or participate in class.

**Administering Non-prescription Medications:** The parent/guardian must fill out and sign the medication administration form or write all the information on a paper. The medication must be in the original labeled container. The principal, or a designee, reserves the right not to give the medication when safety may be a concern. In this case, parents/guardians will be notified and medical clarification requested. Parents/guardians may come to school and administer the medication themselves. When any student is dismissed from school because of illness or injury, parents/guardians must provide that transportation.

The procedure for reporting to the Health Office is:

- A student must have a release slip signed by the class teacher unless the student has a free block.
- A student who is given an Early Dismissal by the Health Office must sign out in the Student Affairs Office. *Under no circumstances should a student leave school without parent/guardian permission and an Early Dismissal from the Student Affairs Office.*

Students may also make appointments with the **School Based Health Clinic** and **Tooth Tutor Program** at the Health Office (864-8586).

## **LIBRARY**

The library, located on the first floor of B Building, provides students with access to current research and reference material, as well as material for leisure reading. Students must return materials on time and in good condition. Students can identify the library resources through a networked catalog available on computers throughout the building; materials are borrowed and returned at the library circulation desk. Inter-library loans can be requested to borrow material from another library by student borrowers in good standing, i.e., students with no overdue items or outstanding fines.

Students are welcome to use the library for research, reading, doing homework and other Library-related activities. **There is an atmosphere of quiet study throughout the library - talking only in low voices to ensure that other students will be able to work undisturbed.** Students needing to work cooperatively may ask the library staff for options. In the week before midterms and finals, the

library is a silent study area for all students.

**STUDENT ASSISTANCE PROGRAM (SAP)**

This program provides students to access drug, alcohol and tobacco counseling services. In addition, a school based clinician also supports student success by working with students and families on issues relating to school attendance and performance.
